Answer the following question if you are an undergraduate:
In the event that you do not qualify for a grade of C or better in this course, would you like to be considered for a possible grade of D+ or D (instead of just receiving an F for the course)? Choose one of the answers "Yes" or "No" below by doing both of the following:
1. CIRCLE YOUR CHOICE and then
2. DELETE THE OTHER ANSWER'S SENTENCE

Yes: In the event that I do not qualify for a grade of C or better in this course, I would like to be considered for a possible grade of D+ or D.

No: In the event that I do not qualify for a grade of C or better in this course, give me an F for the course; I do NOT wish to be considered for a grade of D+ or D.

If you are a graduate student, write "I am a grad. student." here: ________________________

C SCI 220 / 620 (Section)  
Fall 20xx: Second Exam  
Write answers to just 5 of problems 1 – 6.*  
Each problem is worth 5 points. The maximum score is 25 points.

IMPORTANT Carefully complete the following table before you hand this exam in—you will be allowed up to 3 minutes to do this after the exam ends.

I would like my answers to the following 5 problems to be graded:

Problem ___
Problem ___
Problem ___
Problem ___
Problem ___

*Note: Do not submit answers to more than 5 problems (cross out any answers you do not want to submit for grading). If you submit answers to more than 5 problems, and you do not clearly indicate which 5 problems are the problems whose answers you want me to grade, then you will receive credit for answers to 5 problems that will be quickly chosen by me when I grade your exam, and they might well not be the 5 problems you answered best.
